Band director and percussionist Chris Colaneri lays out a comprehensive system of total percussion education. The lessons are gleaned from interviews, research, and the nearly two decades he has spent directing middle school band and percussion ensembles. Where the first edition of the book addressed total percussion education for the seventh-grade student and included simple audio examples and practice tracks, this expanded second edition meets the needs of the beginning percussionist through the first two years of high school helping them develop intermediate skills for future participation in a high school or extracurricular band setting.
